

NON-MAGNETIC TOUCH LATCH

MC-37

- Strong retaining force.
- Floating strike for easy alignment.
- Note : For overlay door, allow 3mm (1/8") gap between door and cabinet frame for push space. Pulling the door with excessive force without unlatching the unit may damage the mechanism. Constant loading of over 4kgf or excessive pushing or pulling is not recommended.

Installation

Item No.	Retaining Force (kg)	Weight (g)	Box (pcs)	Carton (pcs)
